WHAT IS THE CAMINO DE SANTIAGO?

It is a route that pilgrims travel from all over the world to reach the city of Santiago de Compostela, where the relics of the apostle Santiago are venerated. During the Middle Ages it was very popular, then it was slightly forgotten and today it is booming again.

The Camino de Santiago has been declared WORLD HERITAGE by UNESCO in 1993. It can be considered the Main Street of Europe.

At the beginning of a century and a millennium, the Jacobean pilgrimage is, more than ever, a transversal phenomenon: on the one hand, spiritual and ecumenical, but also open to knowledge, friendship and mutual understanding.

THE PILGRIM'S CREDENTIAL AND COMPOSTELA

The pilgrim credential is a kind of passport that must be stamped at each stage of the route. It has its origin in the document that, during the Middle Ages, was given to pilgrims as safe conduct.

It serves as a passing certification to request, at the end of the pilgrimage, the Compostela.

With Zococamino you will not have to worry about these aspects since, in the welcome kit, the pilgrim's credential is included and we will take care of the delivery of the Compostela during the last gala dinner.
